members of the CLASS ACTION LAWSUIT, to which all parties are guaranteed legal compensation under 18.U.S.C. 1983 Civil Action Ad Hoc SIC, by PRLA (1996). Herein outlined the meritus of challenge to all defendants named as equal parts in benefactors of guilt against the named individuals, the collective party, and any associated entity's forgotten or unmentioned.

COMPLAINT(1):

On or about the date of 01/10/2020 or within the range, several inmates were locked up at the Multnomah County Jail, located at 1120 SW 3rd Ave, Portland, OR 97204. The illegal act of Unlawful Detention, against the 18 U.S.C. Fourth, Fifth, Sixth, Eighth, Twelfth and First Constitutional Rights guaranteed. The actionable cause to raise Grievance for relief. The administrative System of "Grievance" and chain of command, to hereinafter be proven as broken and undue burden without merit to 'attempt' refuge as a time sensitive matter as "Court deadlines," "Filing dates," "Settlement Conferences," "Trial Dates," and other Unwaived dates to which the Plaintiffs cannot waive appearance nor halt the administration of Justice attempted by the Defendants named herein. The grievance system as a systematic failure to which "due process" cannot be supplied, see inclusive Kynes to "Drake", "Counselors" facility Commander" as the chain of command

(5)

All without recourse, a further proof of a broken system. See Plaintiffs evidence cache as will be presented in Volume I of discovery to the Defendants after Case Assignment. The defendants take the stand guaranteed against the restrictive Violation of the 18 U.S.C. First Amend "RIGHT TO FREEDOM OF SPEECH", freedom of press and freedom to assemble peacefully. Herein the grievable action of a 'Jailhouse Complainant' such as grievance holds no resort. The nature of such timeless waste is apparent as a trial date cannot be reset nor placed on hold due to a grievance.

Clear injustice violated by freedom of speech measured on a form to time a toll of response outside of the Plaintiffs actionable Controls. The Violation of the Plaintiffs rights as asserted herein Under Violation of Due process, 18 U.S.C § Amend Six due to the right to fast & Speedy Trial with unbiased, unprejudicial guarantees, a violative act by all defendants inclusive and collectively entwined. As an inmate at any of the following incarceration facility's, as MCDC or Inverness Jail, even Columbia County Jail, the inmates are not allowed to have updated access to a level of legal materials that allow the legally and Constitutionally Guaranteed freedoms within the banner of the UNITED STATES as a Nation. The Outdated Computer Systems, outdated Software,

(6)

Inconsistent source references, misquoted caselaw and rhetorical dialogue of such APP LEXIS 2010 and the 'Cite specific' [non disciplinary unit] KOSIC, non [Ad seq] KOSIC, and other Medical Durr [Non KOSIC - to wit the cruel and unusual punishment of mental health patients here at MCDC Jail]. With over 3 units without any source of legal recourse or access to such materials as the plaintiffs collectively have identified, entrapment against due process is evident. To lock up an inmate until a disciplinary hearing, administer a sanction and bar his/her process of legal recourse and Right to "Due Process" 18 U.S.C., Amend Five + Six - Right to Self Compulsory Process clause is inhumane, torturous, experimentally cruel and unlegal by the defendants. See clear mental culpability on all defendants included herein. The defendants knowingly, on or about 01/11/2020, trapped, kidnapped, emasculated, tortured, aspired to murder, steal, sale, unlawfully detain, starve, entrap, over 400 inmates as included in this class action lawsuit if held at the MCDC Jail upon time of filing actionable.

Complaint 2.) The MCDC Jail staff knowingly cooperated in a scheme to undermine and kidnap over 400 inmates upon such date as above said. In Oregon, see Ballot Measure 11 as

(T)

once an Inmate, detainee, prisoner, civilian, or any other human and responsive or cognizant person is moved unwillingly 3 feet, thus initiating a Kidnapping, as the intent outlined as follows: Intent, knowingly, malicious motive or such as to deprive another. ORS 137.700.

The defendants in a plan or common scheme, or alike a plot, co-conspired to deface over 400 indictments, all illegal charging instruments to which the only recourse is vacation of such attempts to further defame and kidnap the plaintiffs, with gross monetary compensation required. The Mentally Accused involved were considered incapacitated and without adequate logical defense as to escape the illegal grasp of injustice presented by the defendants. Regardless of the rules of MEOCJ, Inverness Jail or other holding facilities for or within Columbia or Multnomah County, the Plaintiffs are guaranteed adequate process for the Counter Suit, as misadministration occurred by the Intent, action, plan, Scheme, against 18 U.S.C Amend SIX, "Right to a fast + Speedy Trial"- By Rights of Accused in Criminal Prosecutions: In All Criminal Prosecutions, the accused shall enjoy the right to a Speedy Trial (by an impartial jury of their peers) and public, by an impartial Jury of the State and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature

(8)

and cause of the accusation; to be confronted with the ~~witnesses~~ ~~against~~ (see police agencies); to have compulsory process for obtaining witness' in his favor, and to have the assistance of counsel for his defense. The clearly Unlawful ~~offense~~ the accused faces is the limited time in the law library to possibly 1-2 hours, no law library if in medical housing, Segregation, Ad Seg, etc, a clearly Unconstitutional Violation which cannot be allowed as practice. See, Oath to serve and protect with intent to produce Justice and liberty, as in the "Pledge of Allegiance": "With liberty and Justice for all!"

(Complaint 3). As an Unlawful prisoner, the Plaintiffs all incurred damages beyond compensatory, the lifetime effects of government experiment and torture, to be held captive inhumanly. The malpractice of experimental lab medication and other non sterile, illegal, negligent practices as administered at MCDCJ. While incarcerated, if a Pro Se litigant, the accused cannot get, nor subpoena their own medical records to which the right for a medical Authorization allows someone other than the accused to gather on the accused's behalf. See gross (criminal) negligence, an effect damaging for a lifetime. Such Confidential records that cannot be replaced, a gross error on the defendant's behalf to repeatedly practice, (over 400 cases current as MCDCJ). The direct

(9)

impact of such torture is clear and presently unavowed to cease by the defendants, so order such Justice as the 1983 AD Hoc SIC for reformation.

Complaint 4). As an inmate at the abovesaid or inclusive, the Plaintiffs cannot have female contact, nor write inmate to inmate, a grossly illegal fortunistic practise to sexually violate the 1850 U.S.C Amend 1, rights of 'religious freedom', to which socialistic behaviors, interactions and contact is required, see Wiccan and the seasonal embrace of 'Courtship' as the contact of ones spouse, partner, Coven member, or friend may be incarcerated at MCDCT or Inverness simultaneously and to restrict the religious practices of such religion and freedom thereof is a Constitutional guarantee violated knowingly by the defendants.

Complaint 5). The Plaintiffs again admonish the reclusive legalities of such imposed law library restrictions. The defendants knowingly, intentionally and purposefully break the law by not allowing the accused to have in their possession, property or control, (1.- clearly a due process to freedom, 2.) the right to Justice) A flashdrive, thumbdrive, CD or DVD as evidence of media, audio, file safe, transcription, etc. See Clackamas County Jail directly allows such legal recourse which is guaranteed

(10)

under 18 U.S.C Amend Five, Six, eight, + 12. The review of such material whether Pro Se, or represented or in partiality of such capacity is guaranteed within Clackamas County, though not Multnomah or Columbia County's, a clear presidical bias held Unconstitutional and malicious. The direct distortion of the Justice System to maintain an accused can achieve a fair fight to freedom without adequate Counsel, proper law praefile, understanding of law or the right to face ones accuser, a clear and wide disbargement of, injustice-(V) Justice repeatedly Calculated and altered to guarantee failure of the Plaintiffs. At all times herein, the defendants knew the illegality and refused to cooperate with peaceful demonstrations guaranteed by 18 U.S.C Amend I, by the U.S.A. The plaintiffs cannot allow the defendants to "hope" for, "pray for" or attempt to have a "good faith" to proceed against this movement of our guaranteed Rights, or the act of war is clearly a domestic terroristic act by all defendants named herein. We the people are exercising 18 U.S.C, Amend I, as "Freedom of Speech" the right to assemble or assimilate all threats against life rights and human nature. See: 18 U.S.C. Amend Five, "No person shall be held to answer for (capital), or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval

(11)

forces, (see Portland is a Port City-as Naval transit route and transportational passageway waterways town-founded upon such, hence the torturistic military procedural processes- see Stanation), or in the Militia, (see Plaintiffs right by Amend 1 to assemble and practice), when in actual service in time of war, (notice of intent of Tort), or public danger, nor shall any person be Subject for the same offense to twice put in jeopardy (see death) of life or limb, nor shall be compelled (coerced) in any criminal case, (see Red Attorney phone + video (iosic, see recorded landline phone as illegal self compulsion - also held as illegal search + seizure against 183 U.S.C Amend Four to wit a third party dialing system) to be a witness against oneself nor be deprived of life, liberty or property, without due process of law, nor shall private property, (see legal work searches on transport outside the visual sight of the accused, cell searches, outside the visual sight of the accused, all grossly legal negligence and entrapment to be stated unconstitutional) be taken (see intellectual designs, propertys, drawings, etc, for public use, without just compensation. Herein outlined as the complaints of the Plaintiffs, herein declared and valid this January- 11th day of 2020.

The enclosed signatures a act of unity, not to be used to reform reformatory purposes as our reach under PLRA (1996) includes the Continental United States, every prison, every state, every jail or holding center inclusive of U.S.A under the banner of the United States Constitution. See Notice to recompense damages given as above outlined to be respected and demand for order.
